Thanks for the update.

Good thing I don't use white-out to keep the calendar up to date!

Amy,

As we mentioned before, we are working with the Corps of Engineers to conduct a detail review and analyses of the alternatives for the San Jacinto Site. Early estimates indicate that it will take a few months to do this work.

So we will not be ready to bring the San Jacinto site to the Board until February or March.

Sorry for changing the meeting date again, but for this very controversial site, we need to make sure that we have thoroughly checked everything. CAS

**Subject:** NRRB Fall meeting

On the schedule we have Wyckoff, San Jacinto and Oak Ridge OF200. The Board's calendar shows two possible weeks for the meeting due to EOFY workload, my schedule and November holidays. As it turns out I am only available for the week of November 17-21. Location will be Seattle as requested by R10.

Please keep me updated on the status of your site so that I know how to plan for this meeting. Remember, review packages will be due to the Board members 4 weeks prior to the meeting.
